

SUSTAINABILITY

Corporate Social Responsibility (CSR)

Cornerstone Insurance PLC is committed to principles of good corporate governance, ethics and goodwill and takes into consideration in developing its CSR initiatives, the interests of its stakeholders including its employees, host community, customers and the general public.

To consolidate the achievements recorded in 2013, the company unveiled the **'Safe Route 2 School'** campaign in 2014. The goal was to create safe corridors for over Fifty Seven Thousand (57,000) students en-route to schools through the provision of safety infrastructures. This initiative was supported by the Federal Road Safety Commission in the areas of public sensitization, training/manpower development, and safety compliance drills. With over 50 schools nominated and activated across the Lagos metropolis during the pilot phase, the plan is to double the figure before the end of 2015.

Remarkably, for the second year in a row, the project was recognized by the organizers of Nigeria CSR Awards. It is one way we preserve lives and ensure the safety of our future leaders.

Cornerstone has remained an active member of its host communities through our involvement in social, recreational, well-being, charitable and cultural initiatives; thereby consistently raising the bar in terms of company/community relations.
